

I oppose loosening the rules designed to promote and protect diversity of media ownership. These rules were adopted to ensure that the public would receive a diverse range of viewpoints from the media, and not simply the opinions of a handful of media conglomerates.

the liberals have controlled the media for too long. If Hitler had to deal with a liberal media and the hurdles it presents he wouldn't have accomplished hardly any of his great achievements. I say let's turn over the airwaves to the largest corporation in the world and consolidate world thinking so we can help the economy thru consumption.
